

## **The School Food Box**

The Schoolbox delivery service has been set up by Morrison's to support schools by providing food packs for students who are isolating and entitled to free school meals.

If you are a family and your child is self-isolating and entitled to free school meals then please take advantage of this offer. Weavers is using a meal service provided by Morrison's to supply meals directly to you.

### **To place an order**

1. We need to set you up with a Morrison's Google Account. This ensures we are GDPR compliant.
2. Please email the school at [weafsmenquiries@weaversacademy.org.uk](mailto:weafsmenquiries@weaversacademy.org.uk) giving your address, contact number and confirming you would like to proceed and we will register you for an account.
3. Once the account has been requested, you will receive an email with details of how to login with the following 3 days.
4. When you receive this email, you will then have 24 hours to login before the account expires.

### **Delivery**

The delivery driver will deliver the food box to your home. The box will be returned to the school if you are not in and arrangements will need to be made for collection.
