

13 October 2021

Dear Parents and Carers

Continuity of education is vitally important as we navigate our way through the Covid-19 pandemic. As such I wanted to raise your awareness of how students can access both homework and blended online learning and hope you find this information useful to share with your child.

Homework:

Homework is now logged on Edulink so students and parents can view homework tasks set. Edulink can be accessed by students using their normal school login details. Once logged in students will see this graphic and should click on the homework icon. Students can also see their timetable and achievement points through Edulink by following the links on this page.

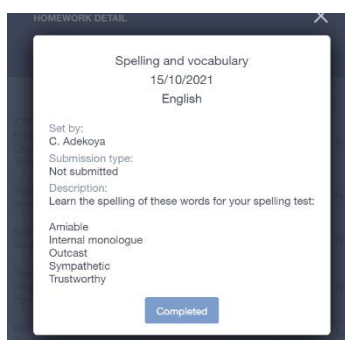

Once viewing their homework, students will see a list of the work that has been set for them. By toggling between the current and past homework (top right) students can see what homework is still to be completed and what they have already done.

ADD HOMEWORK		CURRENT PAST				
Due Date	Name	Subject & Class	Available	Submission	Completed	Received
In 2 days 15/10/2021	(OPTIONAL) Photography Competition: 'Summer is Over'	Photography	21/09/2021 17:16 22 days ago	Not submitted	✗	
In 2 days 15/10/2021	Vocabulary revision	Spanish	08/10/2021 00:00 5 days ago	Not submitted	✗	
In 2 days 15/10/2021	Spelling and vocabulary	English	11/10/2021 09:00 2 days ago	Not submitted	✗	
In 5 days 18/10/2021	Year 7 Autumn 1 Week 5 Homework	Mathematics	11/10/2021 09:00 2 days ago	Not submitted	✗	
In 6 days 19/10/2021	Wonder Wider Reading	Eng lit	11/10/2021 00:00 2 days ago	Not submitted	✗	

To see more details about each homework, they just need to click on the title. They can then mark the work as completed by pressing the blue Completed button.

Blended Online Learning:

If your child is self-isolating and unable to attend school but is still well enough to complete schoolwork, they will need to follow our blended curriculum found on MS Teams in the main year group team (not class team).

Each subject sets work in line with the curriculum being taught in school. Students will need to access this through the subject channels of the year group team. They should follow their normal school timetable to try to complete the work set for them at the time they normally would have that lesson in the week.

The work will comprise of either links to lessons from the Oak Academy which students should work through, complete the set tasks, and read the feedback provided. Or, there will be an introduction to the learning from a subject specialist teacher with work to complete and submit.

Wherever possible, students are expected to complete the work set as knowing what work students are completing in class means that the transition back into school is easier once they are well enough to return.

Homework will continue to be set in the normal way for students who are absent from school so these tasks should still be completed to compliment the learning on MS Teams.

I hope that this has provided clarity on how we are supporting our students to learn independently at home.

Yours sincerely,

Mrs T Goody
Vice Principal: Quality of Teaching
